REGISTRATION FEE

Participants are responsible for taking appropriate insurance coverage in connection with their attendance at the MasterClass. Where the participant is travelling from outside of the host country to attend the MasterClass, appropriate travel insurance should be purchased independently and in advance of any travel or travel bookings.

Registrants are asked to early pay the registration fee before 20th August 2018 (i.e. 1500 euro, VAT included).

Registrants should obtain confirmation from the Conference Office before committing to other travel arrangements.

Accommodation costs are not included in the registration fee.

Attendees are responsible for making their own lodging arrangements.

Capacity is limited to 9 Surgeons for the Cadaveric Dissection Lab.

Capacity number is subject to change without prior notice.

Payment of on-site registration is not permitted. No cash will be accepted.

There will be no adjustments made to registration rates once form has been submitted.

Registrations cancelled 30 days or more before the first day of the MasterClass will incur a cancellation fee of 300 euro; registrations cancelled within 30 days of the first day of the Conference will incur a cancellation fee of 1000 euro. No cancellations will be permitted after the Conference begins.

Substitutions may be made at any time. If you wish to substitute a participant, please contact the Conference Office at the earliest opportunity.

**1st Transoral Thyroidectomy
Cadaveric Lab Dissection
MasterClass**

Messina, 20 September 2018

COURSE DIRECTOR

Giuseppe Navarra

SCIENTIFIC DIRECTOR

Gianlorenzo Dionigi

Dear Friends and Colleagues,

It gives me great pleasure to invite you to participate in the 1st Transoral Thyroidectomy Cadaveric Lab Dissection MasterClass organized by the Division of Endocrine and Minimally Invasive Surgery, The University of Messina.

The 1st Transoral Course, will be held on the 20th September 2018 as a one day course.

Prof Gianlorenzo Dionigi, together with local Faculty of the University of Messina, will share many pearls on how to perform this emerging technique safely and effectively.

We are excited to welcome many participants from all over the world.

It is clear that with the right indications and patient selection, transoral thyroidectomy is a viable and efficient technique for scarless thyroidectomy.

Course will include live cadaveric surgery performed by Prof. Gianlorenzo Dionigi, dynamic lectures, as well as cadaveric dissection under close supervision of local Faculty. An expert panel discussion on difficult aspects of this surgery will be featured. The course brings together a one stop and one time assimilation of state of art expertise in transoral endoscopic thyroidectomy, vestibular approach.

We look forward to welcoming you all to this course that will equip you with the necessary skills to embark on this new and exciting technique!

Gianlorenzo Dionigi, MD, FACS
Director, Division for Endocrine and Minimally Invasive Surgery, University of Messina

PROGRAM

8.00-12.30 LECTURES

7.00-8.00 Registration
8.00-8.15 Introduction & Welcome Address
8.30-8.50 Why Transoral Approach
9.00-9.30 Tips for Surgical Anatomy

Coffe break

10.15-10.40 Perls and Learning Curve
11.00-11.30 Surgeon and Patient Candidacy
11.40-12.00 Neural monitoring
12.00-12.30 Panel Discussion: Experience and Future of Transoral Endoscopic Thyroidectomy

Light Lunch

14.00-18.00 CADAVERIC DISSECTION

Procedural skill lab with 3 working stations

- Instruments
- Operating room setup, patient position and surgical field preparation
- Basic steps (from A to Z)
- Vestibular incisions
